Period of Affiliation: till March 2029

Annual Report

Dear Parents, Guardians and Well-Wishers,

It is with immense pride and pleasure that we present the annual report of New Happy Public School. We, at NHPS, have always strived to provide holistic education that nurtures the minds of our students, and this year has been no different. Our dedicated faculty, supportive staff, and enthusiastic students have achieved commendable milestones and participated in various initiatives that have made us proud.

Academic Achievements:

Our students have once again proved their mettle in the Class XII CBSE Board Examinations 2023, with remarkable performances in both the Science and Commerce streams. They have secured top positions in the district, making us proud as they stood as district toppers.

Moreover, throughout the year, our students have actively participated in various academic competitions and events. They have won numerous prizes at both district and state levels in competitions like essay writing, science quiz, declamation, debate, and mock parliament sessions. These achievements showcase their academic prowess and their ability to shine beyond the classrooms.

Environment Conservation Efforts and Community Programs:

New Happy Public School has always emphasized the importance of environmental awareness and conservation. Our students have taken active initiatives to create awareness about nature and its significance. We organized rallies and events to educate the community about environmental issues.

Notably, we passionately celebrated Earth Day and World Nature Conservation Day by conducting poster-making activities and Nukkad Natak on Beat Plastic Pollution was the major eye-opener.

In these events, our students displayed their creativity by using only natural, biodegradable materials, and they minimized the use of paper and other items that harm the environment. Their efforts are an inspiration to others, and we are proud of their commitment to preserving our planet for future generations.

Sports Achievements:

In the field of sports, our students have showcased exemplary skills and sportsmanship. They excelled in both academics and sports, which reflects our commitment to fostering well-rounded development.

Our students participated in the National Level CBSE Cluster XVII and brought home the prestigious first prize in the State Level Basketball Tournament of CBSE Cluster XVII. Additionally, they achieved remarkable success in various sports competitions, including the State Level Carrom Tournament, District Level Karate & Fencing Tournament, and Inter-School Cricket Tournaments. These achievements demonstrate their dedication and passion for sports and their ability to excel beyond the confines of the classroom.

Important Decision Taken by SMC

The SMC has taken a few important decision this year by taking in consideration the need and requirements of our children like construction of separate toilets for CWSN students and installation of steel handles on side walls of ramps for easy movement through ramps for everyone. Also the SMC in its regular meeting decided to install 30 more computer sets for computer lab to have students better access on practical knowledge and have a strong IT built in the school premises. The SMC decided that maximum of 10% fees will be revised for the new academic session and SMC also approved the request of Health & Physical Department to include Table Tennis as an indoor game. SMC encouraged all the faculty members for attending C.B.S.E. offline training/ Workshops. More focus will be laid on CBP's to make teaching learning environment more conducive.

PTA:

For holistic development of students and provide all stakeholders a single platform a plethora of activities was conducted by P.T.A. in which PTA orientation session was conducted and parents participated in Mother's Day Celebration, Get Together Party where parents and tiny tots enjoyed together, Dental Checkup camp was organized to spread awareness about oral care and to achieve the goal of sustainable development and make all the stakeholders sensible towards environment sapling were distributed to students and parents were

encouraged to guide their children in nourishing the plant and make mother Earth a happy place for all.

INNOVATION

The INSPIRE Award - MANAK (Million Minds Augmenting National Aspiration and Knowledge) is being revamped and executed by Department of Science & Technology and National Innovation Foundation-India to align it with the action plan for "Start-up India" initiative launched by the Hon'ble Prime Minister of India. Under this project in session 2021-22 two got selected and got ₹10,000 as cash reward. In session 2022-23 one student participated and also won ₹10,000 cash prize. This academic year the school is also going to participate with five innovative projects in INSPIRE with great enthusiasm.

Conclusion:

As we conclude this report, we extend our heartfelt gratitude to our parents, guardians, and the entire NHPS community for their unwavering support and encouragement. It is because of this unwavering support that our students have been able to excel in academics, sports, and other extracurricular activities.

We look forward to another year of growth and success as we continue our journey towards excellence in education and overall development.
